

MEMORANDUM

TO: Michigan Daily, Andy Mills, Editor
RE: Dr. Charlotte Heth, Native American -
Visiting MLK/Chavez/Parks Professor in Music
FROM: Willis Patterson, Associate Dean
School of Music
DATE: September 27, 1988

As per our telephone conversation of yesterday afternoon, please find enclosed information relating to Dr. Heth and her scheduled visit to the University of Michigan School of Music during the week of September 27 - October 6, 1988.

We will be extremely grateful if you could print a notice of her visit and schedule of events. She is one of a very few (if not the only) Native Americans who has been invited to our campus under the auspices of this program, and we would like to have as much notice and publicity relating to this as possible for the information and enlightenment of the entire campus community. The earliest possible printing of such an article in the Daily will, of course be the most beneficial.

Again, thank you for your timely cooperation.
